

The Anabelle Wilson Scholarship Program

Welcome to the Anabelle Wilson Scholarship Program. At Treehouse Therapies our mission is to positively impact children, families and our community by providing compassionate, comprehensive and affordable therapy programs for all children, regardless of their ability to pay. We believe all children should have access to the health care they need. To this end we have created the Anabelle Wilson Scholarship Program. This program allows us to provide full and partial scholarships for therapy. To assure the program's sustainability, we ask families to contribute what they can toward therapy costs. Below is a suggested sliding scale scholarship contribution. Please choose the level that your family can afford. Your generosity helps guarantee that all children get the therapy they need. After this is returned the therapist will present your request to the board for approval.

- _____ Partial Scholarship- I can contribute \$100.00 per treatment session
- _____ Partial Scholarship- I can contribute \$75.00 per treatment session
- _____ Partial Scholarship- I can contribute \$50.00 per treatment session
- _____ Partial Scholarship- I can contribute \$25.00 per treatment session
- _____ Partial Scholarship- I can contribute \$10.00 per treatment session
- _____ Full Scholarship- I am unable to contribute to the cost of therapy
